vii) invention of a/a natural/based on/the second solution/synthetic language/was the/ language

III. LITERATURE

1) Every family has a crazy streak in it somewhere, and my cousin Mourad was considered the natural descendant of the crazy streak in our tribe. Before him was our uncle Khosrove, an enormous man with a powerful head of black hair and the largest moustache in the San Joaquin Valley, a man so furious in temper, so irritable, so impatient that he stopped anyone from talking by roaring. It is no harm; pay no attention to it.

(i) What was the common feature between uncle Khosrove and Mourad?

(ii) What was uncle Khosrove's pet dialogue?

a) It is no harm; pay attention to them

b) It is no harm; pay no attention to it

c) It is no harm; pay no attention to them

d) It is no harm; pay attention to it

(iii) How has the author described the physical features of the uncle?

(iv) Which word from the given extract means the opposite of 'affable'?

2) Explain the statement, 'King Tut' is one of the first mummies to be scanned—in death, as in life ..."
(40-50 words)

3) How did the narrator and his family manage to survive the dangerous storm despite the severe damage to their boat? (40- 50 words))

4) In Ted Hughes' poem The Laburnum Top, the arrival of the goldfinch transforms the scene completely. How is this change depicted in the poem, and what message about change in life does it convey?" (120 – 150 words)

5) Both The Address and A Photograph deal with the themes of loss and memory. Compare how the two narrators cope with the past and its emotional impact on their present lives. (120 – 150 words)
